

REMARKS

Claims 20-22, 24, 25 and 27-52 have been cancelled. Claims 1-19, 23, and 26 remain pending.

The Examiner objected to the Amendment filed on June 6, 2007, because all claims being amended must have changes shown relative to the patent specification in effect as of the date of the filing of the reissue application. Accordingly, the applicant is submitting herein a listing of the claims showing all such changes in underlining and brackets, pursuant to 37 CFR 1.173(d).

The Examiner also has required a supplemental oath/declaration under 37 CFR 1.175(b)(1). In response, the applicant has provided herewith said supplemental oath/declaration. Thus, the rejections under 35 U.S.C. 251 are believed to have been obviated.

The Examiner has indicated that claims 1-19 are allowed and that claims 25 and 26 would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. Hence, the applicant has so amended claims 25 and 26.

Allowance of this case in view of the foregoing is respectfully solicited.

No fees are believed to be due because the number of independent and total claims are less than those paid for at the time of filing. Please charge any unforeseen costs associated with this response to our Deposit Account No. 17-0055.

Respectfully submitted,

Quarles & Brady, LLP
